Dear Parents, Staff, Students, and Supporters of St Joseph’s College,

"My commandment is this: Love one another just as I love you. The greatest love you can have for your friends is to give your life for them." John 15: 12-13.

I’m sure we have all heard this verse from John’s Gospel before and realise that Jesus put these words into action when he died for us so that our sins would be forgiven. Could you imagine the challenge of actually doing this?

You hear in the media of instances where relatives or close friends donate organs in order to save the life of their friend or relative. But what of someone who risks their life for a total stranger? We are all aware of the wonderful deeds of emergency services personnel who constantly risk their lives in order to save others. But what about your average man on the street?

The Daily Telegraph, on 5 January, told a story from New York about Wesley Autrey. Wesley is a fifty-year-old building worker who was waiting for a train and saw a man fall onto the tracks and into the path of an oncoming train. He didn't hesitate. He jumped onto the tracks to save the man. The man he was trying to save was having a seizure. As journalist Deepti Hajela wrote:

"As certain death roared towards them, Mr Autrey made a decision of breath-taking courage – instead of saving himself, he pushed the man down between the tracks and lay on top of him. With the train just metres away, Wesley told the man, "Please sir, don't move. If you move, one of us is going to lose a leg or die.""

Next second, the first carriage thundered over them before the train screeched to a halt. On the platform Mr Autrey's two young daughters were among the crowd who feared the worst.

Then Mr Autrey's voice rang out from below: “Tell my little girls that Daddy is OK and the man is OK!”

The train missed the two men by centimetres, knocking off Mr Autrey's cap but leaving them otherwise unscathed.”

An unbelievable account.

Wesley Autrey's modest remark was: "You're supposed to come to people's rescue." I wonder how many people (myself included) would have stood back or did what Wesley did.

And what did Wesley Autrey do after this amazing act of heroism? He went to work!

Inspirational!

There is a challenge here for all of us. It doesn't necessarily mean that we have to dive onto train tracks . . . but we need to take advantage of opportunities of putting others first.

Ash Wednesday is this week. It marks the beginning of Lent. During Lent we are all asked to:

Pray
Go without
Help others

Let's all involve ourselves in the challenges of Lent this year.

Best wishes and

God Bless,

Mr Peter McLoughlin
Principal
This coming Friday, 23 February, is our Annual Swimming Carnival. In terms of attendance, ALL students are expected to attend.

Parents need to phone the College (as usual), if their child is to be absent. Days such as the Annual Swimming Carnival are great opportunities to build community.

Mr McLaughlin, the Sports Coordinator, endeavours to organise many varied activities so that both competitive and non-competitive swimmers can be involved.

**Literacy Information**  
**ELLA & SNAP Testing**  
**Years 7 and 8 2007**

On Tuesday 6 March 2007, all Year 7 students will be participating in the English Language and Literacy Assessment (ELLA) and on Thursday 8 March 2007 the Secondary Numeracy Assessment Program (SNAP). Our school is also testing all students in Year 8.

The tests are produced by the Educational Measurement and School Accountability Directorate of the NSW Department of Education and Training and are comprehensive tests of the literacy and numeracy skills needed in the subject areas studied by Year 7 and 8 students.

Students are requested to provide their name, gender and date of birth. This information will be used when reporting student achievement in literacy. Students are also requested to provide information as to whether they are from an English or non-English speaking background and information as to whether or not they are Aboriginal or Torres Strait Islander. This information is treated confidentially and held securely to ensure that all students’ right to privacy is maintained.

The results of the tests will provide important information about what each student can do, and will indicate where any student may need help. The reports will be sent to the school in June and will be used to support teaching and learning programs that will improve the literacy and/or numeracy achievements of our students. A report giving results achieved by your child will also be provided to you.

Students are advised to bring reading material in case they complete the test before the allocated time. They are also encouraged to bring their own water bottles for use during the tests, should they require a drink.

If you have any concerns or questions about the tests, please contact either Mr Trimboli or Mrs Rose at the College.

MUSIC NEWS

Congratulations to our Music department headed by Mr Shane Rowland who once again provided an exceptional arrangement of classic and modern hymns for the St Joseph’s College 2007 Commencement Mass. All students participating are provided with an opportunity to enrich the celebration contributing to the spiritual life of the College.

The Peripatetic Program in the College will be operating from Week 4 of this term providing professional lessons from experienced musicians in the field. An opportunity to learn Brass, Woodwind, Piano and Guitar will be once again on offer in 2007.

We would like to acknowledge the work of Mr Jim Anderson who has taken leave this year to retire touring with his wife around Australia. He has served for 5 years teaching students Brass and Woodwind and has participated in the Band program at the College.

Miss Jody Wentworth and Mr Dale Norton from the ‘Toe Thumping Band’ will be replacing Mr Anderson with Woodwind and Brass tuition in 2007. If you would like to learn an instrument and be part of the thriving Music department in 2007 please contact Mr Shane Rowland at the College as places for tuition are filling fast.

This year the Music department has welcomed Mrs Louise McLaughlin who has returned after two years with her young family. She will be job-sharing with Mr Matthew Foster. We have missed Mrs McLaughlin and welcome her wonderful creative talents back to the department.

Congratulations to our Year 12 Music students from 2006 who all performed well in the HSC examinations. In particular we would like to acknowledge Chloe Cox and James Clanfield who received substantial financial scholarships to support their tertiary training and further study. James received a full scholarship to the Wesley Institute in Sydney and Chloe won a scholarship to SAE (Sound, Audio, Engineering) Institute at Byron Bay.

The students were excellent ambassadors for the College and engaged in all activities with enthusiasm and a sense of adventure. The evening meal shared in Newtown was memorable as we took shoes from our feet and sat cross-legged at the tables in the Thai restaurant where just last week Russell Crowe had dined. The restaurant owner spent time with us talking about his restaurant and inquiring about our trip. He commended the students on their adult behaviour and excellent manners.

Whilst researching in the men’s designer department of David Jones, Trent Johnson spotted Ian Thorpe and Yohann Paterson and Daniel Marriott shook his hand.

Lane Beachley was spotted at the airport by Samara Appo and Katie Spinks. The boys were besieged by Scientologists in Chinatown. Yohann’s helicopter after crashing into many people was finally taken home by Katie Spinks.

The students would like to thank Mr Mark Williams who accompanied them on the trip.

As we are printing this Newsletter, our Visual Arts students are currently in Sydney visiting the 2006 HSC exhibition, Art Express, The Museum of Contemporary Art, Brett Whitely studio and a variety of Galleries in and around the city. We wish them well on their trip.

The opportunity to view examples of HSC work is invaluable and adds to the creative dimensions the students need experience to be able to achieve excellent results.

SWIMMING CARNIVAL

The Annual College Swimming Carnival is this Friday
23 February 2007

All students will come to school as normal and will walk to Club Banora, following assembly. Pool entry is $3.00 per student. The Carnival should start at about 10:00am.

All students will have opportunities to earn points for their House in many Novelty Events (both in and out of the water). No student will be forced to do any event. It will be a great College community event and an enjoyable day for all. Sunscreen and shade are available and students are encouraged to drink plenty of water throughout the day. Canteen facilities are available.

For those swimmers who place 1st or 2nd in a championship event, the Diocesan Carnival is on Thursday 8 March 2007 at Club Banora.

The NSW Combined Catholic Colleges (NSWCCC) Carnival at Homebush is on Friday 30 March 2007.

MOTIVATIONAL MEDIA

“The pathways we take in life may be diverse, and the rate that we travel along them varied. There may be times when life throws up hurdles that seem to stop us in our tracks and make us give up on our dreams. But life isn’t just about chance. We do have the power to work through difficulties and to move forward. We also have the power to become the force that is needed to initiate the change that encourages others to move forward, and reach their full potential.”

This year’s Motivational Media presentation is entitled “Velocity, Taking Control of Life’s Direction”.

Location: Drama Space, Doyle Centre
Date: Monday 26 March (Week 9)
Students: Years 7-10
Cost: $2.00 (payable at Student Reception)

Volunteers still Needed

We have had a bit of success with the SOS (call for help, call it what you will) for mums – or dads for that matter – to help in our canteen.

Thank you to all the mums who have volunteered already – it’s been fantastic, so I don’t like to have to ask for more helpers – but as you can see, there are plenty of places still to fill:

To those who haven’t volunteered before, please let me put your mind at ease:

- The Canteen is air-conditioned, and has a very pleasant atmosphere
- Limited hours required (9:00am-2:00pm)
- Your lunch is complimentary
- It’s a great service to our/your kids
- And a highly entertaining time will be had by all!!

MEAL OF THE WEEK

In keeping with the Ash Wednesday theme, our ‘Meal of the Week’ for Week 4 is the ever-popular crunchy noodle salad (no meat) at a cost of $3.00. So come on in – AND EARLY – and order your “Noodle Special”!!

ROAD SAFETY IN AND AROUND SCHOOL ZONES

There is nothing more important than the safety and health of our children. Sadly, many accidents happen in and around our schools zones. Too many drivers ignore the slow down signs and travel at dangerous speeds.

When travelling in and around school zones please remember:

- Always slow to 40km/h
- Set down your child on the school side of the road
- Park only where parking is permitted, and
- NEVER call to your children from across the road.

In Tweed Heads our schools zones are enforced by the NSW Police.

Safety around schools is everybody’s responsibility. We must all be conscious of the need to make safety a priority by observing the speed limits and parking signs at all times, but especially around school zones.

Four Handy Tips for Safe Parking

1. Allow enough time to get your child to the school gate safely and without rushing.
2. Always observe the parking signs outside the school. They are designed to keep children safe.
3. Never park illegally in a driveway, on or near a school crossing, or in a bus bay.
4. Never double park. Double parking blocks the vision for other drivers, forces children onto the road and obstructs the flow of traffic.

Parking unsafely can put children’s lives at risk. You can be fined or lose points if you park where these signs apply:

- Stop on or near a pedestrian / children’s marked foot crossing: Penalty exceeds $255 fine and 1 demerit point.
- Disobey no stopping sign: Penalty exceeds $175.
- Disobey no standing sign: Penalty exceeds $75.
- Stopping on or near an intersection: Penalty exceeds $175.
- Stop in a bus zone: Penalty exceeds $175.

You can also be fined for the following outside schools:

- Double parking: Penalty exceeds $175.
- Making an illegal U-turn: Penalty exceeds $175 and the loss of 2 demerit points.
- Speeding in a 40km/h school zone: Penalty exceeds $75 and the loss of 3 demerit points.

In a recent Media Release from the Pedestrian Council of Australia (PCA), the Chairman of the PCA, Mr Harold Scruby, has called on all Councils to adopt a zero-tolerance and covert parking enforcement program around all schools in NSW.

Mr Scruby said: “Claims that Councils are revenue-raising around schools are utter nonsense. Parents, carers and motorists risk children’s lives by stopping in pedestrian zones, bus zones, No Stopping zones or who double-park or park on footpaths. They deserve to have the book thrown at them. The death of Bethany Holder at Pittwater House School demonstrated just how quickly and easily children can be killed or injured around schools. The NSW Coroner went so far as to recommend that these areas are so dangerous that large 4WDs be banned from parking within 200 metres of all primary schools.”

The President of the Federation of Parents and Citizens’ Associations of NSW, Ms Sharryn Brownlee said: “Child safety around schools is paramount. At some schools, illegal parking is at epidemic proportions. The notion that illegally parking for only a few seconds will cause no harm is utterly untenable. Tragedies take a millisecond. Line of sight around schools is critical to both motorists and pedestrians alike. When vehicles obstruct that line of sight, tragedies occur, particularly with small children who are so difficult to see.”

Mr Scruby added: “1,378 primary school aged children were killed or injured on NSW roads from 2000 to 2004; half of which occurred during school travel time. Those parents who couldn’t care less about the safety of children around schools are quite happy to take risks when they think the Police or Rangers are not on patrol. If they see the Police or Rangers, they park legally. But this is not a game. It’s about protecting the lives and limbs of our most important asset: our children. And minimising the potential for harm at these notoriously dangerous locations. If parents believe that the Police Rangers are present, but possibly out of sight and they will be booked if they park illegally, even for a second, then the potential for harm will be minimised and lives will be saved. That’s why a strategic, zero-tolerance, covert enforcement program is vital.”

DO YOU RECOGNISE THESE SIGNS?

DON'T STOP NEAR A PEDESTRIAN CROSSING
If you stop on or near a pedestrian crossing you will lose demerit points and be fined.

BUS ZONE SIGNS
You must not stop or park in a bus zone. Parking in a bus zone puts lives at risk.

NO STANDING SIGNS
You cannot stop on a length of road to which a No Standing sign applies except while picking up or setting down passengers.

NO STOPPING SIGNS
You cannot stop on a length of road to which a No Stopping sign applies for any reason.

NO PARKING SIGNS
Drivers are not permitted to stop their vehicles unless picking up or dropping off passengers. Vehicles may not stand for more than 2 minutes, and the driver may not move more than 3 metres from the vehicle.

PARENTS WARNED ABOUT BACK TO SCHOOL ASTHMA “SPIKE”

Parents of children with asthma should be extra vigilant as they return to school next week Parliamentary Secretary for Health Paul McLeay and the Asthma Foundation NSW warned today.

Mr McLeay said statistics reveal an annual back to school “spike” in asthma-related hospitalisations - the peak coming about two weeks after school starts.

“In February we see a higher rate of children with asthma attacks going to hospital emergency departments and being admitted, compared to other months in the year.

“Data since 1993 shows this phenomenon occurs about every two to three years in NSW with major peaks in 1996, 1999, 2001 and a lesser peak in 2006.”

One in six children has asthma. It is the most common medical condition affecting Australian school children.

Asthma Foundation NSW CEO Greg Smith said it was not known why the annual spike occurs when children return to school.

“Stress, the change of environment, or picking up cold and flu viruses could all act as triggers and one million schooldays are lost each year to asthma,” Mr Smith said.

“Knowing the probability of an asthma attack is higher, it is vital that parents ensure children take their prescribed preventer medication and always carry their reliever medication with them.”

Asthma symptoms in young children include wheezing, shortness of breath, tightness in the chest or persistent coughing all of which may indicate an impending asthma emergency.

Parents should respond with the prescribed medication or take their children immediately to a doctor or hospital emergency department.

The Asthma Foundation also advised parents and schools to keep communication channels open through the Asthma Friendly Schools program.

“All staff in Asthma Friendly Schools have record cards detailing each child’s asthma symptoms and treatment, and are trained to handle an asthma emergency,” Mr Smith said.

Asthma is a serious, life-threatening condition. NSW Health and Asthma Foundation NSW recommend that people with asthma consult their doctor regularly to monitor their symptoms and develop an Asthma Action Plan tailored to their individual needs.

If parents have any questions, they can log onto www.asthmansw.org.au call the Asthma Information Line on 1800 645 130 or speak with their doctor.
